To whom it may concern,

We chose Blue Ridge Chimney Co. from the phone book. They came to evaluate our chimney problem.

After thorough eval. gave us the possibilities to fix our problem.

After we decided which option they gave an estimate to which we agreed.

They arrived on time; were very neat and orderly - installed the chimney insert (etc) and stove and completed on time and explained how the stove would work.

Paul + "THE BOSS" were polite, friendly and very efficient. Thank you Blue Ridge
